I recognize that there is no guarantee on the exact amount of produce I will receive for my share price. In joining the farm, I am committed to learn the risks and rewards of farming by accepting the fluctuations in the harvest caused by nature.

Read these disclaimers to avoid disappointment:

Our winter share will be heavy on root crops, especially toward the end of the share period. They taste great, are nutritious and are excellent fuel for the body and soul. But if you don't care for root crops; this share is not for you! We will be providing greens from our greenhouses throughout the fall and then various soil grown sprouts in January and February. Keep in mind that our winter greens mixes are different from those we produce in the summer!
